

## GEN. GRANT.

Warrior is So Much Improved  
as He is Permitted to Take  
a Short Drive.

The Proposes a National Celebration  
of the General's Sixty-  
Third Birthday.

## A QUIET NIGHT.

YORK, April 20.—No incident  
spoiled the quiet of the Grant  
old last night. The light was  
very low in the sick room. The  
and the general's son, Fred, were  
in, but their patient rested and  
through the night until 6:15 this  
morning. The family slept all  
night. Dr. Douglas, who re-  
sides in the house, the doctor left  
at 6 o'clock. He will return at 2  
o'clock. It is believed the gen-  
eral will go to drive.  
Twain and Dr. Newman were  
called this morning.

## OUT FOR A DRIVE.

YORK, April 20.—At 2 o'clock  
afternoon Gen. Grant's family  
was driven to the door. Dr.  
arrived at about the same  
time. Gen. Grant heard the rumbling  
of the car and the driver reined up  
the man pulled aside the curtains  
and looked out. He saw the time  
of the car. In a few mo-  
ments, with a fur robe  
his arm, emerged from the house  
the general appeared. A moment  
he general appeared. He wore  
a hat. Above his neck was a  
scarf, and closely buttoned about  
his neck was a heavy beaver over-  
coat. The general carried a light cane,  
unaided walked down  
stairs with a firm step.

crossed the flagging he bowed  
and as a hundred persons stood  
on the walk across the street. As  
he was stepping into the car,  
he glanced up to the colored  
man and bade him good morn-  
ing, as he mounted to his place  
the driver, remarked: "That  
look much like a dead general,  
and his face was broad with  
a smile."

THE RETURN OF HOPE.  
Gen. Grant left the house  
yesterday to go down town he was  
well. He said his father passed a  
night last night. He was early  
and when the general was no  
longer safe to assume that he  
was better, but more than that, there  
was no doubt that he was brighter  
stronger than he was Sunday.  
"I believe father would live a  
day or two for that matter, but  
I believe he is going through al-

Dr. Newman left the house  
and that the general was, yester-  
day, if he would not go out for a  
drive. He was silent a long while,  
he answered: "No, this is Sun-  
day. Prayers for my recovery have  
been offered today in many places,  
through the country, and I  
think I should not go out till  
Monday." The general was driven to Mount  
Lebanon and around the west side  
of the park and back to the house.  
He has been gone thirty-five minutes.  
The carriage first of the party  
walked firmly and unaided up  
steps.

WHIP OUT THE DOCTORS.  
At 8 o'clock this evening a dele-  
gate from the Union veteran army,  
led by Gen. Lewis Barney, called  
and presented a series of resolu-  
tions wherein the members  
of Grant family were requested  
to "whip out the doctors."  
The delegates were received by Col. Fred Grant,  
secured them of his father's good  
will for their organization.  
Douglas arrived about 8:30,  
will probably stay during the  
week.

LET US ALL CELEBRATE.  
LEXINGTON, Ky., April 20.—Gen.  
Grant's sixty-third birthday, which  
falls next Monday, will be celebra-  
ted in this city by a public meeting,  
entertaining all classes. Prominent  
men have the matter in charge  
owing to the peculiar circum-  
stances under which the celebration is  
being held. A Southern city,  
and all the cities in the United  
States follow her example.

## WEATHERFORD.

County Court Convened—  
Other Notes.  
Special.  
ATHERFORD, TEX., April 20.—  
Criminal county court was called  
morning.  
The first case called for trial was  
that of the State vs. James Turner.  
The next case called was the State  
vs. Ruddy, charged with shooting  
a man, to which the jury is now out.  
A rain of yesterday was very de-  
fect on the gardens, farms and  
orchards.

Methodist people at this place  
having a protracted prayer-meet-  
ing of considerable interest.  
Mr. Porter is building a residence  
on Second and Second streets.

## GALVESTON FRAUDS.

Allen Offers His Resigna-  
tion But It Is Refused.  
GALVESTON, TEX., April 20.—The  
council met in regular session this  
morning and quite a crowd was pres-  
ent. The mayor would sub-  
mit nominations for municipal  
officers, but these were withheld in  
favor of the request of  
the board in caucus assembled  
yesterday. C. J. Allen, the alder-  
man from the Twelfth ward, whose  
resignation was contested by N. W. Cuney,  
was declared. The board re-  
solved to accept Mr. Allen's resig-  
nation on the ground that it

would stop the investigation  
and be an injustice to Mr. Cuney, who  
is determined to probe the fraud to  
the bottom and show that he was  
elected by a handsome majority of  
the legal voters of the city. It is cur-  
rently rumored that Allen's resig-  
nation was the result of a deep laid  
scheme to stifle the investigation now  
in progress to lay bare the frauds com-  
mitted in the Twelfth ward in the  
vote for mayor.  
The council, after transacting the  
necessary routine of business, ad-  
journed.  
To-morrow at 10 a. m. the committee  
of the whole will meet to consider the  
Cuney-Allen contest, when some start-  
ling developments are expected.

## SHERMAN.

J. J. Bridges Goes to the Penitentiary  
—The Veterans in Session.

SHERMAN, TEX., April 20.—The jury  
in the case of J. J. Bridges, charged  
with assault to murder Willie Bridges,  
brought in a verdict this afternoon,  
giving him two years in the peniten-  
tiary.  
Over one hundred veterans assem-  
bled in the opera-house to-day and at-  
tended to the business of the associa-  
tion, so they can devote to-morrow to  
orations, memorial addresses and high  
living.

An alarm of fire called the engine  
out at 6 o'clock this evening. A  
smoker had carelessly set fire to some  
straw at the stable of Joe Holow-  
itz on West Mulberry street and the  
stable was consumed.

## MILLSAP.

An Hotel and Store Building De-  
stroyed by Fire.

MILLSAP, TEX., April 20.—An alarm  
of fire was given about 4:40 o'clock  
this morning from the Union hotel, a  
two-story, double frame building,  
owned by Dorris & Lewis. A small  
portion of the furniture was saved.  
Mrs. Hobbs of Merkel and two chil-  
dren had a narrow escape, being rescued  
by the heroic efforts of W. J. Early  
after the passage through the stairway  
was cut off by the flames.  
A store building adjoining occupied  
by Mr. Howell as a residence was de-  
stroyed, but the contents were saved.  
The loss on the hotel and contents  
is \$2500, insurance \$600; the loss on the  
residence is \$500, no insurance.

## HOT SPRINGS.

A Young Marshallite Taken in—  
Fleeing Lovers Captured.

HOT SPRINGS, ARK., April 20.—After  
about six months suspension on  
account of a shortage in the appro-  
priation work has been resumed on the  
army and navy hospital at this place,  
and the same will now be pushed to  
completion.  
A young man from Marshall, Tex.,  
named Hall, took in the "dive" last  
night and was in turn taken in to the  
amount of \$150 at the hands of a pick-  
pocket.

James T. Gill, a married man, per-  
suaded the fourteen-year-old daughter  
of a well-known citizen of this city  
to desert her home and elope with  
him Saturday night. The fleeing  
lovers were pursued by the sheriff and  
captured to-day.

## BURNET.

Inexhaustible Fields of Cement Rock  
in Llano County.

BURNET, TEX., April 20.—Mr. J. E.  
Stiles, proprietor of the salt-works  
near Bluffton, Llano county, was in  
town to-day making arrangements  
with the railroad authorities for the  
shipment of 50,000 tons of cement rock  
to Mosley & Co. of Galveston, from  
thence to Baltimore. Mr. Stiles in-  
formed your correspondent that the  
quantity was inexhaustible, and that  
the quality would compare favorably  
with the celebrated Portland and Rose-  
dale cement.

Several clips of wool from the West  
arrived to-day.  
A. J. Carruthers, editor and prop-  
rietor of the Llano Rural, is negotiating  
for the purchase of the Once-a-Week  
of this city, which suspended publica-  
tion a few weeks ago.

## INVITED TO THE SOUTH.

President Cleveland and His Cabinet  
Invited to Georgia.

WASHINGTON, April 20.—A delega-  
tion from Georgia, consisting of Gen.  
John B. Gordon, Senator Colquitt and  
others, called at the White house this  
afternoon and formerly invited the  
president to visit Atlanta during the  
sessions of the commercial convention  
in the latter part of May. Senator  
Colquitt and Gen. Gordon addressed  
the president and impressed on him  
the great good to the South which  
would result from a visit by him.  
The president received the delega-  
tion very cordially and told them  
frankly that he wanted to accept but  
was unable to say at present whether  
or not he could leave Washington at  
the time.

He was informed that all the mem-  
bers of his cabinet had been invited,  
and it was expected that at least three  
would accept. The president then said  
he would lay the matter before the  
cabinet to-morrow and give the com-  
mittee a definite answer Wednesday.  
He then invited them to attend his  
reception to-morrow evening.

## THE ICH OF CONQUEST.

LONDON, April 20.—A dispatch from  
Berlin to the Standard says that Ger-  
many is preparing a series of enor-  
mous colonial enterprises, the magni-  
tude of which will surprise the world.  
The acquisition of the kingdom of  
Zanzibar by Germany, the dispatch  
says, is certain to be accomplished  
sooner or later.

## DALLAS.

County Attorney Clint Has Resolved to  
Jerk the Dallasites Out of  
Wickedness.

The New Mayor Puts on His Harness  
With Little A-do—The Papers for  
Baum's Extradition Ready.

## Special.

DALLAS, TEX., April 20.—Mr. Clint  
a few days ago declared his de-  
termination of enforcing the Sunday  
law. Under the old charter the city  
passed an ordinance requiring all busi-  
ness to be suspended on Sunday be-  
tween 9 o'clock in the morning and 4  
o'clock in the evening. The state did  
not interfere and the ordinance was  
generally agreed to. Under the amend-  
ments to the charter, either by omis-  
sion or with deliberation, the former  
power exercised by the city is cur-  
tailed, and hence the action of Mr.  
Clint. That gentleman reformed the  
town as far as "hanging juries" was  
concerned, and his step in the  
present direction is calculated to  
yank us out of wickedness into a  
state of goodness in such a jiffy as to  
shock our whole physical systems. He  
has given due notice of his intentions  
and will further point out the particu-  
lar Sunday on which he will require  
an observance of the law. In other  
words, his proclamation is expected at  
any moment. He does not desire to  
take advantage of any one and it is  
expected that the saloon men, who are  
most interested, will yield.

The new city administration was  
inducted into office to-day. Mr. Brown,  
the newly elected mayor, made a brief  
speech in which he said he would not  
outline any policy. The custom of the  
retiring mayor was to write up  
messages much in the style of Thomas  
Jefferson, but Mr. Brown as yet has  
shown no disposition or desire to follow  
in the footsteps of his predecessor. The  
retiring mayor, Cabell, was presented  
with a silver teaset and an ice-pitcher.  
As he will probably be appointed mar-  
shal by Gen. Maxey, he will have a  
good place, and dishes are already  
given him for the immense eating he  
is to have for the next two years.

The postoffice excitement has about  
died out. It is conceded that Mr. John  
Cochran will be the man. Mr. Coch-  
ran is qualified, but his chief qualifica-  
tion is that he has ever been a  
staunch friend of Senator Coke and  
he always came at the sound of  
Wellborn's horn. No man was more  
faithful to the latter than Mr.  
Cochran. Mr. Cochran lives about  
six or seven miles in the country. His  
friends say he lives only five miles  
from town, while those opposing his  
nomination declare it a longer dis-  
tance. It is not thought the tape line  
will be brought into requisition to set-  
tle the matter.

Two of the negroes who robbed  
Tobolsky and another man on a  
train just west of Mineola on Friday  
night, attempted to board a freight  
train between Lawrence and Forney  
on Saturday night. They endeavored  
to work their way to Dallas by draw-  
ing pistols on the conductor. A  
brakeman named Cloud was armed  
and commenced firing at the robbers,  
who left. The train reaching Forney  
the authorities were notified, a posse  
was formed and the criminals run  
down and caught. Tobolsky's watch  
and considerable money were found on  
the two. They were taken to Forney,  
and lodged in jail. One of them con-  
fessed to the robbery. Tobolsky has  
gone to Kaufman for his watch and to  
identify the negroes.

A little school-girl named Annie  
Boardman, living on Polk street,  
while going to school this morning,  
fell in an epileptic fit on the streets.  
Her condition is very precarious.  
A rumor prevailed to-day that a  
murder occurred on Pacific avenue on  
Saturday night, but investigation  
shows it to have been only a free-for-  
all fight where there was blood from  
noses, but none from the heart.

Marshal Arnold has returned from  
Austin, whither he went to assist in  
the perfection of the papers to extra-  
dite Baum. He says they are all  
right now and Baum will come.  
Two toughs from San Angelo at-  
tempted to paint the town this morn-  
ing. In a moment they were in the  
calaboose. One had a pistol, and the  
other a dirk. The mayor will see  
them later. This is not a good town  
to paint any kind of a color.

The cocking main continues till to-  
morrow evening. Big Sandy won the  
main, which concluded on Saturday,  
from Dallas. Not much money  
changed hands as the Big Sandy boys,  
being strangers, showed nervousness.  
Yank Adams, the finger billiardist,  
arrives to-night. He lived in Dallas  
while—Is a show in himself. He will  
attempt to discount all the boss players  
in the city.

## RAVAGES OF RHEUMATISM REPAIRED.

This is worth reading. It is from a  
well-known lady, of Batavia, N. Y.:  
"I write to inform you of the wonder-  
ful effect of Brown's Iron Bitters. For  
three years I was afflicted with rheu-  
matism, which sadly impaired my  
health. Six months ago I began tak-  
ing the Bitters. The improvement  
surprised us all. A rapid and perma-  
nent restoration to health has been  
the result. I consider myself entirely  
cured. Signed, Mary E. Garry." This  
valuable remedy can be had of any  
druggist.

## GAINESVILLE.

Court in Session—Preparing to Enter-  
tain the Knights of Pythias.

GAINESVILLE, TEX., April 20.—Dis-  
trict court convened this morning,  
Judge Piner presiding. After the or-  
ganization of the grand jury the judge  
delivered his charge, calling attention  
to the different articles of the penal  
code, and especially to the law punish-  
ing arson, pistol-carrying and gaming.  
He gave the attorneys, witnesses and  
jurors to understand that they must be  
promptly on hand, and that the pro-  
ceedings could not be delayed to suit  
their convenience. The docket is a  
very large one, and will, doubtless,  
occupy every day of the term. The  
criminal docket has been set for the  
first Monday in May.  
The different committees appointed

are busily engaged decorating the city  
for the Knights of Pythias parade,  
which will take place on Thursday  
evening. A large number of knights  
arrived yesterday and to-day. The  
convention meets at the hall on Dixon  
street. The immense hall constructed  
by Messrs. Loring & Conn, to be used  
as a skating rink, has been handsomely  
decorated by these gentlemen for the  
use of the knights on the occasion  
of their grand ball, which will take  
place on Thursday, the 23d inst.

Several car-loads of horses arrived  
last night and to-day, and are stabled  
at the driving park. A light shower  
to-day put the track in as good condi-  
tion as could be desired. A large  
number of visitors arrive on every  
train, and our city will be unusually  
lively this week.

Information has reached here of a  
disastrous storm which visited the  
southeastern portion of this county  
last Wednesday night. Great damage  
was done at various points, but the  
storm seems to have been most severe  
at Burns City, where four houses were  
completely demolished and other  
property considerably damaged. The  
residence of a widow lady near Wood-  
bine was scattered to the four winds.  
The storm raged fearfully east and  
south of this place. No persons are re-  
ported injured.

Lee Bounds, a dwarf, living near  
Salina, Collin county, is in the city  
visiting relatives. The young man is  
three feet, eight inches high, seventeen  
years old, weighs seventy-two pounds,  
and wears a seven and one-eighth hat.  
He converses intelligently, is of pleas-  
ant manners, but has a horror of news-  
paper reporters.

## BONHAM.

J. Q. Chenoweth Appointed Fourth  
Auditor of the Treasury.

BONHAM, TEX., April 20.—Hon. J.  
Q. Chenoweth received a telegram  
last Friday night, announcing that he  
had been appointed fourth auditor of  
the United States treasury. He left  
to-day for Washington, to enter upon  
his duties.

R. S. Harrison of THE GAZETTE  
corps will act as his private secretary,  
and will leave for Washington about  
Saturday next.

## UVALDE.

The General Round-Up Nearly Com-  
pleted.

UVALDE, TEX., April 20.—Fine  
growing rains have visited this section,  
but not enough to fill the water-holes.  
The Uvalde Live-Stock association's  
general round-up is working like a  
charm in gathering the stock of  
Uvalde and adjoining counties, which  
work will soon be completed.  
The calf and lamb crop is unusually  
large.

The wool clip is heavy and fine.  
The low price of stock is our chief  
complaint. Farming prospects are  
very encouraging, both on the irrigated  
and unirrigated lands.

## MEXICO.

The Proposed Tariff of the Mexican  
Central Railway Adopted.

CITY OF MEXICO, April 20.—The  
commission appointed by the govern-  
ment to revise the provisional tariff  
and the classification rate of the Mexi-  
can Central railroad company, has ac-  
cepted the new tariff proposed by the  
company, which is perfectly satisfac-  
tory to the commission. It now goes  
to the secretary of public works for  
his approval, which is merely a mat-  
ter of form, inasmuch as the commis-  
sion is satisfied. If approved, it will  
probably take effect June 1. This  
means a decided victory for the man-  
agement of the Central railroad com-  
pany, and a defeat to the Vera Cruz  
and European interest.

## PALESTINE.

The Wounded Horse-Thief Still Alive  
—District Court in Session.

PALESTINE, TEX., April 20.—The  
condition of Carter, the wounded  
horse-thief, is still unchanged. The  
physicians differ as to whether he will  
recover. In the event of his recovery  
at least four indictments will be found  
against him on various charges of  
theft and robbery. Nothing has been  
heard of the man who was with him,  
save that he was traced to near Navar-  
ro Crossing the next morning after the  
capture of the party now in jail.  
District court convened to-day,  
Judge F. A. Williams presiding. The  
grand jury was impaneled and  
charged, and the criminal docket was  
set for the fourth week of the term.

## WHO CARTER IS.

FORT SMITH, ARK., April 20.—The  
man Carter, who was shot by a sheriff's  
posse at Elkhart, Tex., last week and  
taken to Palestine, is without  
doubt one of the two men  
who stole three horses at Hackett  
City, sixteen miles from here,  
on the 15th of March. The man who  
escaped from the officers was Jones.  
A jewelry store was robbed at Salem,  
seven miles from Hackett City, the  
same night the horses were stolen.  
The party who lost the jewelry offers  
\$50 reward for the recovery of the  
property.

Giles Carter and Jones are both  
notorious horse-thieves.

CLEVELAND is the choice of the  
American people—so are Opera Puff  
Cigarettes. (5)

## TAMMANY SACHEMS.

NEW YORK, April 20.—At the elec-  
tion of the Tammany society to-night  
there was no opposition, and the fol-  
lowing ticket was elected:  
Sachems: John Kelly, John Mc-  
Quade, John J. Gorman, Hugh O.  
Grant, P. Henry Dugro, James G.  
Slavens, Nathaniel Jarvis, Jr., R.  
Cooker, James A. Flock, Henry A.  
Gambleton, Charles Weed, Wm. P.  
Kirk and Joel O. Stevens.

CIGARETTE smokers are cautioned  
against injurious imitations of Opera  
Puff Cigarettes. (5)

## IN SPITE OF THE HARD TIMES

My business continues very satisfactory, and the trade  
daily more and more appreciates my

## "ONE PRICE CASH SYSTEM."

I have an unusually attractive stock in all lines, and if  
you don't buy you will feel repaid after examining my  
styles. With the approach of hot weather the demand for

## Straw Hats, Light Underwear, Seersuckers, Etc.,

increases. Intending purchasers will do well to examine  
my stock before investing.

## E. Morris,

CLOTHIER, MERCHANT TAILOR AND GENTS' FURNISHER,

Corner Second and Houston.

D. Schwartz & Co.'s Old Stand.

## PLEURO-PNEUMONIA.

Commissioner Colman Anxious to  
Lend Government Aid.

ST. LOUIS, Mo., April 20.—H. M.  
Taylor, agent of the United States  
bureau of animal industry, arrived at  
St. Louis to-day from Washington  
and has secured the co-operation of the  
Missouri Pacific, the Wabash and the  
Chicago & Alton railroads in placing  
an embargo on all cattle from Calla-  
way county, in this state. These rail-  
roads have issued instructions to their  
local agents to refuse all shipments of  
cattle from Callaway and contiguous  
counties unless accompanied by a cer-  
tificate of health from a government  
inspector.

Col. Hunter, president of the Na-  
tional Cattle and Horse Growers Asso-  
ciation of the United States, sent the  
following telegram this morning:

ST. LOUIS, Mo., April 20.  
To Hon. Norman J. Colman, Commissioner  
of Agriculture, Washington:

"SIR: Contagious pleuro-pneumonia  
is spreading in this state, and as indi-  
vidual and local effort is powerless to  
check its progress, I ask you please to  
see the attorney-general immediately  
and get a decision as to your power  
under the law to use the funds appro-  
priated for the bureau of animal in-  
dustry to stamp out this contagion,  
which threatens the entire cattle in-  
dustry. Prompt action is necessary."

To this Mr. Hunter received the fol-  
lowing reply:

WASHINGTON, April 20.

To Col. R. D. Hunter, president:  
"I have asked the opinion of the  
controller of the treasury, and the  
attorney-general also, as to my power  
to destroy the cattle that have been  
exposed to pleuro-pneumonia, and am  
promised a written opinion to-day or  
to-morrow. As soon as it is received I  
will inform the public."

"NORMAN J. COLMAN,  
Commissioner of Agriculture."

## RUNNING A RAILROAD.

A Few Hints to Superintendents  
About Operating Roads.

This is the season of the year when  
railway managers give a good deal of  
attention to the revisions of rules for  
government of their employees in the  
operation of trains. Perhaps some of  
the Texas & Pacific managers will  
adopt the following set of rules:

There shall be three classes of trains  
—first, second and third—and they  
shall have the right of way in the or-  
der named.

The first-class shall consist of coal  
trains only. They shall have prefer-  
ence over everything else.

The second-class includes mail, con-  
struction and mixed trains.

The third-class consists of passen-  
ger trains—way, accommodation and  
express.

No passenger train shall leave a sta-  
tion until at least five coal trains have  
passed it.

Passenger train No. 318 shall lay over  
at Williamsport until a physician can  
be sent for.

Train No. 339 will be second-class  
after leaving Weatherford. When  
chewing liquorice the train men must  
spit out of the window.

Trains must be run on time when  
an excursion or the president's special  
car is on the road. On such occasions  
all regular lines will be delayed one  
hour.

Trains approaching each other must  
always move in opposite directions  
and on different tracks.

No female will be allowed in the  
mail car.

No smoking cars, water tanks or  
cisterns will be allowed on trains which  
have a parlor car attached. For any  
of these luxuries the passengers must  
pay fifty cents.

A lamp upside down on an engine  
signifies that the fireman is drunk—  
the smoke stack upside down, that the  
engineer is drunk—and an engine up-  
side down denotes that a rail was up.

A hot box when the train is at Fort  
Worth or Weatherford signifies that  
the engineer is dry. Time will be  
given to attend the matter.

A red flag at the rear of a passenger  
train denotes that a division super-  
visor is on board.

Seven toots of the whistle denotes  
that there is a calf on the track. The  
fireman will go on the pilot and at-  
tach two green flags on his tail. The  
calf will then run as an extra. If he  
don't make schedule time, call the  
corner.

When a baggage master acts as a con-  
ductor he must put on airs—two airs  
if on a regular train and three airs if  
on an extra.

Before leaving the station the con-  
ductor must call out the name of the  
last station passed, and each passen-  
ger must name the place he came  
from.

On arriving at a station the conduc-  
tor and engineer will go into the tele-  
graph office and write home to their  
families. They will stay there until  
they know their train is behind time.  
They will then run back to the next  
station.

Each passenger may ask seven ques-  
tions of the conductor between each  
station.

two stations. The conductor must  
answer these questions civilly, with-  
out swearing or looking mad.

Conductors must look after the com-  
fort of passengers. When the conduc-  
tor is looking after a female passenger,  
the baggage-master will look after the  
conductor, and a brakeman will look  
after the baggage-master.

The uniform of conductors shall  
hereafter consist of a seamless sack,  
the mouth to be strapped around the  
neck like a mail bag. The conductor  
shall have his hands tied behind him,  
and wear a gag in his mouth. He shall  
carry an iron sack on his back, the key  
of which shall be kept at Fort Worth.  
When ten-cent fares are paid on the  
train the passenger shall be charged  
\$1. The ten cents may be received, but  
the dollar goes to the conductor or the  
company, whichever is the smart-  
est.

The passenger must punch his own  
ticket and put it in the safe. He shall  
then tell the conductor where he was  
born and where he expects to die  
when he goes to. If the conductor is  
sassy he must also be punched.

The pouch must be carried over the  
left hip and the punch on the third  
finger of the right hand, with the  
handle at an angle of 45 degrees. A  
deviation will be cause for summary  
dismissal.

At the end of every trip the conduc-  
tor must make a written report of the  
number of cars, number, color and  
age of passengers, together with any  
accidents, deaths or births which may  
have occurred.

On arriving at the end of his route  
the conductor shall be stripped and  
searched with a tooth-pick, nail-brush  
and fine comb, to see that he has no  
tickets concealed about him.

To each sub-division of ten miles  
there shall be one laborer, two fore-  
men, three supervisors and four assist-  
ant engineers. Each of these shall  
have two clerks.

The supervisors must have daily in-  
spection of the track. This can usually  
be done best from the smoking car  
of the passenger train.

Foremen must visit their sections at  
least once a week, unless they are very  
busy at home.
